The following points memorialize the understanding of both parties, and shall be binding upon the parties.

Insurance requirements for businesses, which self-haul are \$20,000 per person and \$40,000 per occurrence for personal injury or death, and \$10,000 per occurrence for property damage. The Hauler will also carry workers’ compensation insurance as required by law. *Proof of insurance must be submitted with license application.* Initial here if the undersigned is self-employed and has no employees. _____.
3. The Hauler will (re)apply for a Commercial Hauling License with the District and comply with the License requirements contained therein, except as modified by this MOU.
4. In the event that the Hauler chooses to haul waste to a legally certified disposal facility other than a facility contracted by the District, the District will not restrict the Hauler’s disposal choice, except as provided in paragraph 5.
5. If using a disposal facility which does not hold a contract with the District:
 - a. The Hauler will collect and remit to the District a surcharge of \$30.00/per ton pursuant to “Ordinance 90-1 Relating to the Imposition of a Solid Waste Disposal Charge” (may be amended from time-to-time by the District – District will provide at least 60 days notice of any increase in the surcharge).

 - c. District will promptly invoice the Hauler based on the tonnage reported (and/or as verified by the receiving facility).
 - d. Surcharge will be payable by the Hauler within thirty (30) days following the end of its corresponding month.
 - e. To indicate acceptance of responsibility on the Hauler’s part in submitting the tonnage reports to the District, the following language will be included on every report submitted monthly to the District to provide better accountability and accuracy:
